Purpose of the website :

The website was made to connect pilots and travelers. All the sky lovers can now share their passion together : share your flight !

Use case diagram

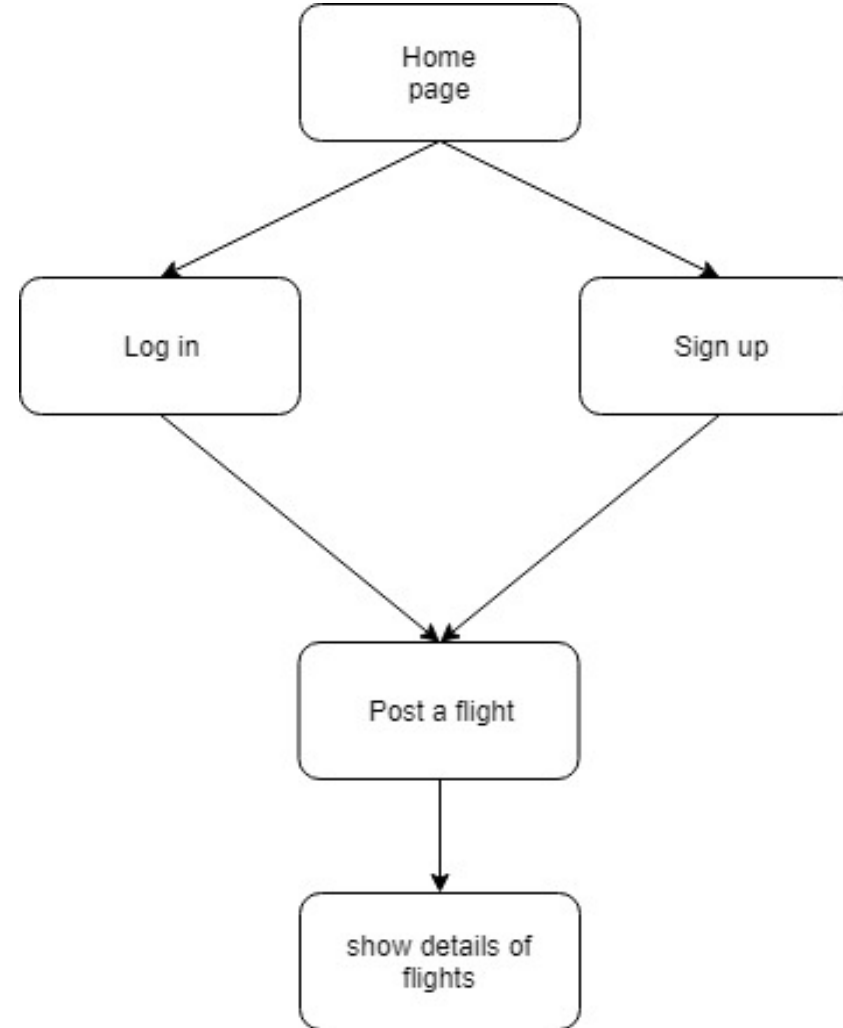

Website's navigation plan for pilots :

The pilot can access to the home page of the website. To plan a flight, the pilots need to connect to his account or to create one.

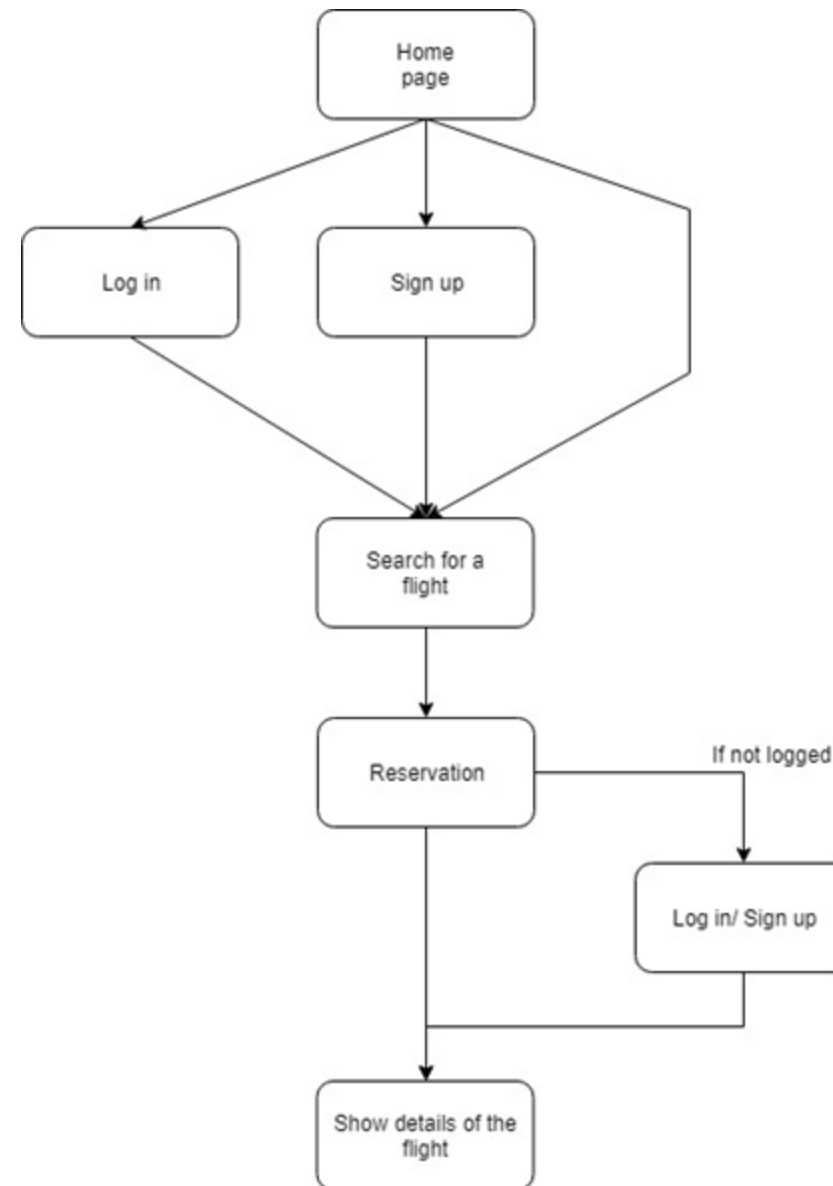

Once the pilot has planned flights, he gets access to all informations (public and private).

Website's navigation plan for passengers :

Signing in or up are not mandatory to search for flights. But to book one you would need an account . Once clients have found their flights, if they are not registered, they have access the connection's pages and when they are done, they will be redirected to their booking page.
